

# Linking profile

To link your profile with your students' profile and start your activities, you need to know and share your teacher code, or ask your students for their student code and add them directly.

Your teacher code: which you can share with your students so that they can add you as their new teacher.

1. Enter to [your profile](#) and share my code

Share this code with your students, from their app they will be able to register you as their teacher.

JMAR121278 

2. Go to

3. Tap the icon

4. Now your code has been copied.

5. Go to private messaging or the media you want to share your code and paste it.

6. Students should enter your code, and add you as an interventionist.

After that, you have to accept them as students .

7. Tap the notification or go to "Add a student".

8. At the bottom you will see

## Linking

Charlie Doe Smith

Grade: 3th grade

Age: 9 years

From code

 Decline

 Accept
